The Plan of Arrangement proposed by Starrex to be completed under the Canada Business Corporations Act, provides for the distribution by Starrex of approximately 66.4% of the outstanding InterStar common shares on the basis of four InterStar common shares for each Starrex share held. Phoenix and Starrex shareholders will continue to own the same number of Phoenix or Starrex common shares as were held prior to the arrangements. Full details of the Plans of Arrangement are contained in the proxy materials being mailed to shareholders and filed in accordance with regulatory requirements.

shareholders. In order for the arrangements to be approved, at least two-thirds of common shareholders in each company voting in person or by proxy must vote in favour. The arrangements are also subject to all necessary regulatory approvals and final approval by the Ontario Superior Court of Justice. The boards of directors of each of Phoenix and Starrex have unanimously approved their respective arrangements and unanimously recommend that their shareholders vote in favour of the arrangement.

If all shareholder, court and regulatory approvals are obtained, documentation will be filed by Phoenix and Starrex under their governing corporate legislation giving effect to their respective arrangements on or about August 2, 2002 and InterStar common shares will be mailed to Phoenix and Starrex shareholders of record as of the close of business on the seventh trading day following the date on which the arrangements become effective.
